

The Society of St. Vincent de Paul St. Peter Chanel Conference

COMMITTEES

Book Club	Join fellow Vincentians bi-monthly for thoughtful discussion of books that enrich our spirituality and support our conference mission
Cars for Peace	Independent new ministry that will offer donated cars to our SVdP neighbors in need
Communications	Manage communications within our conference and St. Peter Chanel. Send thank you notes upon request to other supporters who contribute to our ministry. Coordinate yearly thank you notes to parishioners who support us
Hospitality	Plan conference events including food, beverage and room reservations. Coordinate volunteers for set-up and clean-up
Marillac Moms	SVdP Georgia's transitional housing program provides housing, life-skills training, support, and mentoring to pregnant women experiencing homelessness who also have children. Early next year, our SVdP Conference and St. Peter Chanel parish will adopt a Marillac Mom family for 12 months, walking alongside them with practical assistance, encouragement, and support as they work toward stability and self-sufficiency.
Membership	Annual recruitment, confirm Safe Environment compliance, onboarding of new Vincentians, track applications and maintain conference roster. Membership also has opportunities for current Vincentians to be a Guide for new members. Guides are assigned as mentors to help with any new questions and encourage new members to participate in conference events
Prison Ministry	New ministry just getting started. Focused on the SVdP USA Immersion Program launching in Georgia. The goal is to support men recently released from prison and provide support and mentoring for their first year as they try to find employment, housing, transportation and other assistance
Social	Plan quarterly social events to bring us together outside of volunteer work. All Vincentians are encouraged to share ideas on what to offer
Justice & Charity	Advocacy arm of SVdP with a goal to end poverty through systemic change. Sign up for updates, attend Roswell City Council meetings and help our conference understand the issues
